

CCSF Catalog Changes for 2018-19

Policy Updates

CCSF GE Area B: Written Composition Requirement (page 48)

Students now have an additional way to meet this requirement – completion of a course (with a C grade or higher) that is approved as equivalent to CCSF's English 1B or 1C or to Communications Studies 2.

Area G Waiver Policy Clarification (pages 50-51)

Clarifies existing policy allowing students to waive CCSF GE Area G if they are pursuing high unit majors. High unit majors are defined as requiring 27+ units; policy was extended to include non-CTE majors. List of departments that will or will not waive Area G for their high unit majors is now included in catalog.

Reminder: Now that this policy is in the print catalog, the old Area G Waiver forms should no longer be used (though previously signed forms will still be honored).

Minimum Requirements for CCSF Certificates (page 53)

Residency and minimum grade requirement apply to all CCSF certificates beginning with the 18-19 catalog rights year:

- (Residence requirement) "EW" new grading symbol

- Social Justice Studies: Labor and Community Studies Pathway (AA-T)
- Social Justice Studies: Feminist, Queer, and Trans Studies (AA-T)

The following are pending submission to CCC State Chancellor's Office; if submitted and approved in time, they will be detailed in the 18-19 catalog addendum:

- Public Health Science (AS-T) – *C-ID articulation needed*
-
